### Conjure Your Power, Passion and Purpose

## Making Your Own Magick

Whilst it's great to follow a spell, it's much more powerful to create your own magick. (It also has greater success too).

All magick starts when you attune with exactly who you are. And to do that you need to ROOT Into Your Magick.

ROOTing into Your Magick reminds you who you were before the world told you who you should be.

Remembering this truth creates an inner confidence that allows you to bypass self-doubt, self-criticism, and the 'Should I/shouldn't I?' energy. Enabling you to stand tall and firm as you make powerful decisions with confidence, knowing that they align with who you are.

As you **ROOT** into Your Own Magick, you will be able to:

**RECOGNISE** Your Truth

**OWN** Your Unique Blend of Magick

**OCCUPY** Your Space

Be TRUE to You

#### Go back through the list and now narrow it down to:

- ✤ Two values
- + Three Feelings

Yes - just two values and three feelings.

Notice what you're willing to trade off, what you're resistant to let go of, and where you feel really stuck.

Remember this is about you aligning with what's important to you. Not what you think is right, or what looks best, but what FEELS aligned with who you are.

Once you have chosen the areas of your life that you want to focus on, write them onto The Witches Wheel below, and rate each area out of 10.

0 = Not satisfied with area at all 10 = Fully satisfied

The lower the number, suggests you have some improvements to make in that area.
